Dear Friends,

Thank you for your contributions during our Month of Action to get our friends, neighbors, and loved ones vaccinated and protected against the deadly coronavirus. Together, we are making progress in our collective fight against COVID-19 and getting our Nation back on track—but there is still a lot work ahead of us.

This past year has been one of the most painful years in American history. With more than 628,000 American lives lost due to COVID-19, helping get more people vaccinated is among the most important things any of us can do right now. We need your continued support more than ever. Your efforts are not just saving lives—they are helping us get our lives back. United as one Nation, we can get through this pandemic and usher in a healthier and more hopeful future.

Keep the faith,
